PEAK

I was born in a small town,  
and educated in a small town;  
and I live in a small town —  
Oh those small communities.

All my friends are so small town,  
had myself a ball in a small town,  
Used to daydream in that small town —  
Another boring romantic that's me.

No, I can not forget from  
where it is that I come from —  
Can not forget the people who love me.  
I can be myself right here in this  
small town and people let me be  
just what I want to be.

— John Mellencamp

Well I started out  
down a dirty road.  
Started out, all alone  
And the sun went down  
as I crossed the hill.  
And the town lit up  
The world got still

I'm learning to fly  
but I ain't got wings.  
Coming down is the hardest thing.

Well the good old days  
may not return,  
And the rocks might melt  
And the sea may burn

Some say life  
will beat you down —  
And break your heart  
Steal your crown.

So I've started out;  
For God knows where  
I guess I'll know  
when I get there.

I'm learning to fly  
around the clouds.  
What goes up, must come down.

— Tom Petty

Heartbreakers

# Dedication

On behalf of the Class of 1993, we gladly dedicate our yearbook to Allen Azer. Having faithfully served Medfield High School for twenty-two years, Mr. Azer has been much more than just a teacher to his students. Aside from his many English classes, he has been the newspaper advisor for the past twenty years as well as the yearbook advisor for the past seventeen years. We can not thank him enough for all his help and contributions in putting this yearbook together. Thank you, Mr. Azer, for your years of dedication and continue your outstanding work.

— Class of 1993

"There is divine beauty  
in learning, just as there is  
human beauty in  
tolerance. To learn means  
to accept the postulate  
that life did not begin at  
my birth. Others have been  
here before me, and I walk  
in their footsteps.

The books I have read  
were composed by  
generations of fathers and  
sons, mothers and  
daughters, teachers  
and disciples.

I am the sum total of their  
experiences, their quests.

And so are you."
